# CITY OF ELOY REQUEST FOR COUNCIL ACTION

Agenda Item: V.A.

Date: 01/07/2019

---

**Date submitted:**  
12/28/2018

**Action:** Formal

**Subject: Settlement with Toltec Airpark, LLC for \$85,510.00 plus statutory interest as provided in the stipulated judgment for acquisition of 5.61 acres of land at the Eloy Municipal Airport.**

---

**Date requested:**  
01/07/2019

**TO:** Mayor and City Council

**FROM:** Harvey Krauss, City Manager

**RECOMMENDATION:**

Council approve a settlement with Toltec Airpark, LLC for \$85,510.00 plus statutory interest as provided in the Stipulated Judgment for acquisition of 5.61 acres of land at the Eloy Municipal Airport, and authorize the attorneys for the City of Eloy to file the Stipulated Judgment with the Pinal County Superior Court.

**DISCUSSION:**

The FY 2019 - 2023 Airport Capital Improvement Program identified two high priority projects, and funding has been allotted for these projects by ADOT and FAA – 1) Airport Drainage Improvements; and 2) Relocation of Taxiway “A”. Drainage improvements include approximately 2,600 linear feet of drainage channel and a box culvert as designated within the approved Drainage Master Plan. The relocation of Taxiway “A” is necessary to meet or exceed current FAA design standards. The FAA minimum standard separation distance between the runway and taxiway for the Eloy Municipal Airport requires a distance of 240 feet.

On January 9, 2017 the Council adopted Resolution No. 17-1408 authorizing the City to acquire parcels of land through negotiation or condemnation for these projects. One of the parcels is owned by Toltec Airpark, LLC and encompasses 5.61 acres of land. Dennis L. Lopez, LLC was retained by the City to appraise the property. The Toltec Airpark appraisal provided for a land value of 27 cents per square foot for a total of \$66,020.

The Toltec Airpark landowners obtained their own appraisal, and their appraiser valued the property in question at 43 cents per square foot (\$105,143).

The attorney for Toltec Airpark wishes to settle with the City for a value of \$85,510. The proposed settlement would be in the middle of the range between the two appraisers' current indications of value, which is \$19,490 over the City's appraisal. The City was required to post the \$66,020 with the Pinal County Treasurer in June 2018. Over 90% of the acquisition and engineering costs for this project are reimbursable through an FAA grant. No construction funds are available for this project, and no application to the FAA is pending for construction.

Staff recommends that Council approve this settlement with Toltec Airpark landowners.

**FISCAL IMPACT:**

The FAA reimburses the City 91.06% and ADOT reimburses the City 4.47% of costs, leaving the City with a contribution of 4.47% for land acquisition and design. The FAA has awarded the City a \$450,000 grant for land acquisition and engineering costs associated with these projects.

**Approved as to Form:**

# CITY OF ELOY REQUEST FOR COUNCIL ACTION

Agenda Item: V.B.

Date: 01/07/2019

---

**Date submitted:**  
12/28/2018

---

**Action:** Formal

---

**Subject:** Council review and discuss  
the initial design concepts for the  
Eloy Main Street Arcade Renovation  
Project.

---

**Date requested:**  
01/07/2019

---

**TO:** Mayor and City Council

**FROM:** Jon Vlaming, Community Development Director

**RECOMMENDATION:**

Council review and discuss the initial design concepts for the Eloy Main Street Arcade Renovation Project.

**DISCUSSION:**

In October 2018, Council selected Blank Studio Design + Architecture to assist the City with this project. In December 2018, representatives from the Studio shared preliminary ideas with the Downtown Advisory Commission, who offered their initial thoughts and refinements. Now, City Staff would like the Architect to review these initial concepts with the City Council.

The intent of this project is to repair, replace and enhance the facades of the existing buildings along both sides of Main Street, from Frontier Street to 7th Street. The intent of this project is to provide a positive first impression and assist with the City's marketing efforts to attract tenants/owners for existing buildings and lots along Main Street.

This project will be a three-step process. The first step is to complete a series of possible design solutions, including but not limited to, illustrations of potential street frontage improvements i.e. paint schemes, architectural enhancements to existing sidewalk overhangs (arcades), support column enhancements, appropriate signage and other recommendations to improve the curb appeal and desirability of Eloy's Main Street for business/retail uses. The recommended renovations of the initial design task will be presented to the City Council, Planning & Zoning Commission, the Eloy

Downtown Advisory Commission, and other stakeholders for discussion, consideration and ultimate approval of colors, concepts and minor architectural renovations.

The second phase will be the development of specifications and architectural drawings to define the construction fit and finishes of the approved renovation package.

The third phase will be to provide support services to the City to assist with the bidding process to procure a contractor. Construction administration services will be provided by City Staff.

**FISCAL IMPACT:**

The budget for this project, including both design and construction is \$100,000, as previously approved by the City Council. The design services are 10% of the total budget, which is \$10,000. These funds will be provided through the City's 2% tax on food for home-based consumption. The proceeds from this tax are to be utilized for community and economic development related projects, as approved by Council.
