The City was unable to provide information for the prison population; however, a rough estimate was provided. Therefore, growth projections in the Infrastructure Improvement Plan could not be compared to actual results.

**FINDING NO. 3**

The Infrastructure Improvement Plan calculated growth projections for Parks and Recreational Facilities using housing data that included the Robson Ranch Community; however, per review of the Robson Ranch Annexation and Development Agreement, Robson Ranch should not be included in this calculation. Additionally, actual results for recreational facility square footage exceeded projections by approximately 35 percent in 2017 and 31 percent in 2018.
